

Maestro Esports is a leading worldwide multiplatform Esports organization.

We are looking for skilled and creative people to help us achieve our vision. Ideally you should have experience working with groups through multiple applications including Discord, Trello, Google docs/drive and plenty others. A Background in Esports is helpful as well, even if it is just a general gaming background.

DESIRED SKILLS AND EXPERIENCE:

- Consistent with designs
- Ability to meet deadlines
- Self-motivated & reliable
- Excellent skill in Adobe Illustrator
- Ability to follow branding guidelines
- Ability to give and receive constructive feedback
- Own the tools you already need for working with Adobe suite
- 3+ years of experience of graphic design (or show equivalent skill level)
- Experience with illustrations
- Experience with making emotes (eg. for Twitch streamers)
- Experience with space themed illustrations
- Experience in working with a team of creatives

Would you like to apply for this job?

Do you feel ready to work at Maestro Esports? Send us your application with your earliest starting date (including: CV and if available, some previous work samples & references) preferably in PDF format.
